STAY YOUNG

Youth is much more than just a physical state—it's a frame of mind. It is to stay open minded, to stay positive, to stay determined in the face of the unknow. To wake each morning with the goal to become better than before. Most importantly, to Stay Young is to make a choice.

Circle Fitness is committed to helping you choose to Stay Young, regardless of your age, gender, or background. Our goal is to empower each person to transform from who they are into who they want to be—through the ultimate workout experience.

We understand the market, predict the trends, take ambitious approaches and offer unparalleled solutions to every execriser and operator in the industry. We gather remarkable talent from all over the world, develop user-friendly designs and top-notch technology. We deliver the highest standards of profession and service.

Circle Fitness will continue to build on this legacy, not just moving forward and evolving, but breaking through and bringing a revolution to the workout industry—with you placed at the center of it.

CIRCLECLOUD GO

CircleCloud Go is a comprehensive wellness eco-system aimed to deliver most effective body and fitness management. With unique apps developed or popular apps integrated reaching your desired fitness goal has never been so accessible and fun.

Target Train

"Target Train" comes with 5 different exercise targets, keeping you motivated and on track for your fitness plan!

	Weight	≡
69 kg		75 kg
	Current Weight	
	72 kg	
Target Weig	ht	69 kg
Current Weight		72 kg
Target Days	20 days	
Current Days	S	10 days

Select Fitness Target

This program offers 5 different target options for users to select. We provide users with detailed and encouraging information on the current status of their workouts, including progress charts and target goals.

Earn Achievements

Earn achievements upon completion of your fitness target and stay motivated!

My Performance

Whether you are using our cardio equipment, outdoor fitness apps or wearable devices My Performance brings them all together to give you the best personal fitness performance information.

Session

We provide our users with information about each exercise session. Circle Fitness tracks your cardio equipment usage, outdoor fitness apps and wearable devices to bring you a detailed breakdown of your workout history.

Month

Our Month-to-Month comparison charts break down your monthly performance into convenient charts for you to study and compare.

Year

We've extended our Year-to-Year charts to bring you yearly comparisons of your fitness, allowing you to review your long-term workout progress.

Body Manager

Our data integration technology compiles information from body analyzer InBody570 and translates it into simple graphs and tables. Managing your body has never been easier!

Key Measurements

Measured are the most important metrics for your fitness wellbeing. Now you could manage your body like a health instructor.

Detai

The ability to track your workouts for later review is an essential component of fitness management. Our History tracking displays your workout information in graphs to keep you well informed and in control.

Segmental Muscle Mass & Body Fat

Segmental body areas are analyzed to maximize your training result.

Accessibility

Enjoy total coverage of your body data with CircleCloud Go which facilitates real-time data syncing between our consoles, body analyzer and your phone via CircleFit app.

My Gym

My Gym keeps users up to date with the latest news, classes and offers from their facility. It also lets users customize their personal schedules by adding or removing classes from personal calendar.

Stay Informed

Our Bulletin function keeps users updated on the latest news and classes offered by their facilities.

Class Schedule Management

Our Class function displays classes offered by your gym in an easy-to-use calendar format.

Class in Depth

Detailed description and video available to provide a better picture of the class offered.

My Class

All courses added or removed will go into My Class for your convenience. We also set reminders to make sure you don't miss anything!

 $\mathbf{0}$

My Workout

We believe that each individual person deserves an individualized workout. We provide our users with the capability to design their own training courses, tailored to suit their needs.

Easy Setup

It is easy and intuitive to create your workout profile. You could preview the summary and profile during the process

Multiple Workouts

You could create up to 3 personalized workouts per equipment type.

My Page

Personalized fitness data are assembled into a customizable information screen to enhance your access and control to your fitness management.

Selectable Menu

Up to three information pages can be displayed. You could select the information to be displayed through menu selection.

Friendly Reminder

Message to remind the upcoming classes you have selected or the target progress.

Favorite

The most favorite used programs are sorted for your convenience.

CircleFit App

Our powerful app boasts a realtime connection with Circle Cloud and our latest touchscreen consoles, giving users the power to master their workouts with just a smartphone. Take control of your fitness; anytime, anywhere..

Sync In

Enjoy all of the features offered from Circle-Cloud Go apps from your phone! You could monitor, track progress, create and edit contents all in real-time connection.

Quick Login with CircleFit

Log in into CircleCloud Go hands free with Quick Log In simply by opening CircleFit app from your phone and connect with the console or body analyzer via bluetooth.

Through the Forest
Run through the beauty of colors, or jog alongside the quiet of nature. Let the fresh air be your guide, while the giant Karri trees become your friends.

Singapore Tropical Gardens
Experience the magnificent
'Gardens by the Bay' with over
25,000 species of tropical plants
and flowers.

Tropical BeachesWelcome to Coron, a pristine beach in the Philippines!
Paradise awaits!.

Alpine Mountain Passes
Begin your virtual walk
through France and challenge
yourself with each step. We'll
see you in Italy!

Wetlands and Lakes
Experience a relaxing walk in one of Europe's largest wetlands. See if you can spot the birds!

In the Forest
Start your day with a beautiful
walk through nature, or refresh
yourself after a long day of
work. Adventure awaits!

Mountain Fall Scenery
Enjoy the scenery and get
into the mood as you walk
through the beautiful
Pyrenees National Park.

Canyon Landscapes Whether you're walking, jogging or running, let the beautiful desert landscapes take you away!

Rainforests
Bring your workout closer to
nature and enjoy the splendour
that it has to offer.

Singapore Boardwalks &

Along the Beach
With the soft sand beneath
your feet and the turquoise
waters by your side, you will
never want to stop running.

Circle Fitness Asset Manager

Updated and powerful, the new Circle Fitness Asset Manager is the platform to not only maximize your investment but to create a strong engagement with facility members for the most long term reward.

Overview

A detailed summarized overview gives operator a clear status of the machines in the facility. The information includes equipment's usage, running status, software version and more.

Latest Undate

Receive latest information on equipment maintenance, new features, software updates or technical support.

Maximize Asset Utilization

Prolong the equipment lifecycle to its max and keep maintenance cost to minimum.

Recent statistic total (Last 90 days) Total Hour Avg Operation Time per day(Hour) 2 1 1.8 0.9 0.8 1.6 0.7 1.4 0.6 1.2 Total Hour 1 0.5 0.8 0.4 Ope 0.3 0.6 0.2 0.4 0.2 0.1 101 102 103 302 104 201 202 Gym Internal Number

Usage: Total vs. Recent

The graph is designed to help the facility operator balance the usage frequency of the equipments which in return maximize the equipment lifecycle.

Plan Better

Planning is paramount in extracting the most return from limited resource, be it floor space or class scheduling. We can help you gain the extra advantage.

Demographic Study

This chart is designed to you help you understand your customer base and their preference by selecting the demographic categories. Now you could plan equipment, floor space, facility ambience and even class better that are suited to your facility's demographic preference.

Preference Chart

Which equipments do your members use the most? Do you have right equipments for your members need? The easy to understand chart helps you floor plan better.

Engage Members

We believe member engagement is the future to the success of the fitness clubs. A member who is more engaged in his or her fitness regime the club has to offer will be more loyal and will introduce more of his or her friends to join. Member engagement = Member retention + Member expansion.

News & Events

Post news or events that are important to your members. The information can be read on E Plus 2.0 console during exercise or on Smartphone via CircleFit App.

Hot Items

Simply click on "Pin to Top" icon and the information will be posted as Hot item that remain on the top of the list for... days.

Class Schedule

There is no need to worry about where to post class schedule paper anymore. Circle Asset Manager allows you to post class schedule sent directly onto E Plus 2.0 consoles and members' Smartphone via CircleFit App. You could also post video or pictures of the class and offer written descriptions.

Select Websites

Create your customized website selections on the console. Select contents on the console that will best keep your members engaged and entertained.

Top 10 Workout Programs

Develop a better understanding of your member workout preference with this data. You could select the demographic categories to obtain different results.

Top 10 Entertainment Programs

Most popular non workout programs are ranked in this data. Now you could select contents to keep your members more entertained and engaged than ever.

CIRCLE FITNESS CONSOLES

Circle Fitness is proud to bring you the most powerful consoles in the industry. Our consoles are packed with features, boasting ultra-slick performance, crystal-sharp images,rapid response time and the most comprehensive third party integration capabilities on the market. We cater to the users by providing the most intuitive, entertaining and motivational training platform available. We believe that fitness should be simple and fun. With our products, it is.

SPORT

ENTERTAINMENT
